2. The Pre arrangements carried out by the faculty members of the centre were most helpful in assessing the strengths and the valuation commences without any delay.
3. The Institution has created the whatsapp group and welcome the examiners before we arrived here.
4. The Hostel accomodation / guest house arrangements for the chief examiners are extremely good.
5. The food at hostel is very good and we didn't experience any health problems except that few staff who came late experience shortage of food on one or two occasions which may be rectified in future.
6. The chief coordinators took more interest on the welfare of the examiners and arranged private buses to operate from uthangarai to GPT both in the FN and AN.

At the Valuation centre the support of the staff members is marvelous and the supporting staff members were always with us from 9 am to 6 pm and helped us in all the way.

8. The data centre staff members completed the work in time without any delay.

9. To conclude we feel at home during the stay and it was a pleasant and memorable experience for us. We sincerely thank the principal and team members for providing comfortable stay inspite of their hectic activities. The infrastructure available here is excellent and well maintained.
